**GREENGUARD Indoor Air Quality Standard for Low Emitting Products and
GREENGUARD Product Emission Standard for Children & Schools**

Category: Electronic Equipment

Lenovo has demonstrated its commitment to environmental excellence by obtaining GREENGUARD INDOOR AIR QUALITY CERTIFICATION on its "Lenovo ThinkCentre A62" desktop computers. By attaining GREENGUARD CERTIFICATION, Lenovo demonstrates that these products have been tested and found to meet one of the most rigorous chemical emission standards in the world as established for indoor environmental performance and the protection of public health.

The GREENGUARD Environmental Institute (GEI), an independent third- party known for stringency and credibility, affirms certification. A breadth of sustainability, building rating and product programs worldwide recognize GREENGUARD Certification as a market leader, guiding those who seek to purchase non-polluting products.

Lenovo's Lenovo ThinkCentre A62 product meets the emissions criteria established for Electronic Equipment, GGPS, EC027.R0 as published by the GREENGUARD Environmental Institute and found at www.greenguard.org.
